LETTER FROM THE PRINCIPAL

Principal Amy McLeod

Class of 2023,

It is my pleasure to take this opportunity to share a few words that will accompany the memories and milestones recorded in the 2023 edition of the WMHS Oracle.

First, I would like to congratulate all of you for making it through these four years of high school. As a class who has navigated high school during a pandemic, you have encountered many changes and challenges while here including a shift to remote and hybrid learning, the debate over a logo in our community, and the challenges of a country grappling with political divide and racial injustice.

Throughout your time here, you have grown your voices, advocated for what you believe in, and worked through differing viewpoints to make our school and our community a better place for everyone. Your class has made an impact on WMHS and your time here will not be forgotten.

After graduation, your class will head out of WMHS in many different directions, but I hope that much of what you learned at WMHS will have a lasting impact on you. Most importantly, I hope you will carry with you the Warrior spirit, the pride of this community, and our WMHS core values and that you will incorporate them into your life beyond WMHS: respect, personal responsibility, and the acceptance and celebration of differences.

On behalf of the entire WMHS administration, faculty, and staff, I want you to know how incredibly proud we are of each one of you. We also cannot wait to see all the great things that are yet to come for the Class of 2023.

Best of luck!
Principal McLeod

LETTER FROM
THE EDITORS

Izzy Buckley & Ben Stratton

To our fellow WMHS graduates,

It is with great pleasure that we welcome you to your yearbook, celebrating the amazing moments and memories we have shared as a class over the past four years. Despite the challenges we faced with Zoom classes and missing out on sport activities we were able to unite as a class to come together having that shared experience.

As the editors of the yearbook, we are excited to announce that we went down a bit of an unconventional route with a movie themed yearbook. We chose the theme of movies because we believe that movies are a powerful medium that can transport us to different worlds, evoke powerful emotions, and inspire us. Just like in a good movie, your high school years have been full of drama, action, comedy, romance, and everything in between. We hope that you will enjoy flipping through the pages and reminiscing about your high school experiences, both big and small.

It has been an incredible journey, one that we will never forget. Whether it was the first day of freshman year or the last day of senior year, we have shared countless memories that will stay with us for a lifetime. And as we move on to the next chapter of our lives, we can look back on this yearbook with pride and joy, knowing that we have captured the essence of our high school experience in a way that is truly unique and special.

Thank you to all of you who have contributed to making this yearbook a success. From the photographers to the editors, each and every one of you has played a vital role in bringing this yearbook to life. And to the Class of 2023, we wish you all the best as you embark on the next chapter of your lives. May your future be as bright and exciting as the memories we have shared together.

As a class, we would like to express our gratitude to the teachers, staff, and administrators who have been instrumental in our success. Without their support and guidance, we would not have been able to achieve what we have accomplished.

Sincerely,
Benjamin Stratton & Isabelle Buckley

The Class of 2023 dedicates the 2022-2023 Wakefield Memorial High School Oracle to:
Mr. David Connell

FAREWELLS & RETIREMENTS

Mr. Connell, Science | “Enjoy life and don't be afraid to make a mistake, we all do”, was one piece of advice Mr. Connell has given his students over the years teaching at Wakefield Memorial High School. He found that his time as a teacher was always a positive experience - something he will miss greatly in the years to come. A recent highlight of his career was seeing his students again after the pandemic. It goes without saying that Mr. Connell will be missed. Similar to his students that have graduated high school, the next step in his journey awaits. Mr. Connell thanks all of his students over the years for their hard work, effort, and the pleasure it was to be a part of their lives. “Try to take some time and enjoy what you are doing, and every now and then you've got to take a break. Don't be a rushin'.”

Our favorite iconic phrases from Mr. Connell:

- “Don't be a rushin'.”
- “This is déjà vu all over again.”
- “Positive on that negative.”
- “Two letter word, starts with N.”
- “Three letter word, starts with Y.”
- “Why don't you give those poor ears a break.”
- “This is déjà vu all over again.“
- “I heard a rumor its Friday, is that true?“
- “What brings you in today?”
- “So nice of you to join us!”
- “Out with the old, in with the new.”
- “It's always good to have a second set of eyes.”

Mr. Matteo, ELA | A big thank you to Mr. Paul Matteo for his time at Wakefield Memorial High School. You will be missed and we hope you will enjoy retirement in the years to come!

MAIN TITLE

11 INT. THE OBSERVATORY - MOMENTS LATER 11

Skurge has plunged Heimdall's sword into Bi-Frost.

BOOM! Thor EXPLODES out of the portal along with the severed head of the dragon! SPLAT! Blood and guts RAIN DOWN on Skurge and the two women, DRENCHING them with purple gore.

The dragon's head SLIDES slowly across the floor, coming to rest right in front of the women who are frozen in shock.

The women SHRIEK and rush out of the Observatory. Thor meanwhile is clean and staggering back to his feet. He looks up to Skurge, who is wiping dragon guts off of himself.

RUDY

"In this life, you don't have to prove nothin' to nobody but yourself. And after what you've gone through, if you haven't done that by now, it ain't gonna never happen. Now go on back."

John Keating: "We don't read and write poetry because it's cute. We read and write poetry because we are members of the human race. And the human race is filled with passion. Cheer: Placed 4th at the Middlesex League Championship and 8th in the North Regional Championship. Qualified for the MA State Championship for the first time since 2015. Along with receiving the team's highest score since 2015.

Dance: The team earned a bid to Nationals and was invited to perform at the 2023 Holiday Bowl half-time show, the 2022 Disney Christmas Parade, and the 2023 Orange Bowl half-time Show. Became eligible for the MSAA Team Academic Excellence Award with a team GPA of 3.81. Varsity Hip-hop took 2nd and Varsity Jazz took 3rd at the MSSAA State Tournament.

Band: The teams best competitive season in school history. They went undefeated in the regular season and received a perfect score at the Massachusetts State Finals. The finished 2nd at New England Championships. The made finals for the first time in school history at the Bands of America Regional Championship where they finished 9th.

Football: The team went undefeated all season. They upset the #1, #2, and #3 seed making their way to a 13-0 season record. The best record in Wakefield Football history. They were the second team ever to go undefeated (1970 team) and the second team to ever win the Super Bowl State Championship (1999 team).

Gaby: Why do you paint this?

Vincent Van Gogh: What? These flowers.

Gaby: Why do you paint them?

Vincent Van Gogh: Don't you find them beautiful?

Gaby: Well, they are beautiful flowers, no doubt. More beautiful than what you paint.

Vincent Van Gogh: You think so?

Gaby: Oh, yes.

Vincent Van Gogh: Maybe you're right. But these flowers will wither and fade. All flowers do.

Gaby: I know, everybody knows that.

Vincent Van Gogh: But mine will resist.

Gaby: Are you sure?

Vincent Van Gogh: At least they'll have a chance.

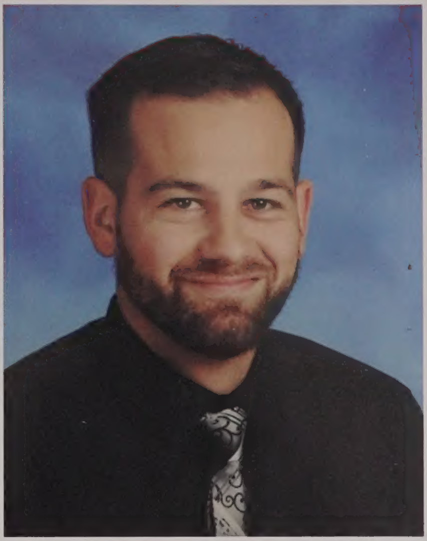
LETTER FROM THE CLASS ADVISOR



Dear Class of 2023,

You made it. And how quickly the years have flown by.

You all have a special place with me. I came to Wakefield in the Fall of 2015 and walked through the Galvin doors with all of you as you entered your first year of Middle School and I entered my new job not knowing where it would take me. Now, here we are at the end of the road together. We've come a long way since those 5th-grade Health classes in the project room...and then those 7th and 8th grade Health classes in my classroom that were just a bit bigger than your average closet. As crazy as you all drove me when I then had the opportunity to move to the high school with you, I couldn't pass it up. The icing on the cake was when I had the privilege to become your class advisor. Ultimately, it's been eight years together and I have enjoyed every minute of it.

You all have persevered. You were dealt a tough hand your first year in high school, but you made it through. You were thrown from trying to transition into high school and everything that comes with it to suddenly trying to transition into remote learners in an unknown world. But, you made it through. You lost a lot of your typical high school experiences during your sophomore year. But, you made it through. Your junior year started to settle and those experiences and opportunities were slowly given back to you. You all picked up like you never lost a step - a testament to your character and strength as individuals and collectively as a class. I can only hope you took them in and enjoyed them as much as you could, as they will be the memories that you take with you far beyond your Wakefield High years.

You've now reached the end of your senior year. You've walked away with state championships, league titles, music festivals, and drama-performance awards, as well as the respect and admiration of the WMHS faculty & staff. But, most importantly, you're walking away with each other. Your four years were not easy here, but you made it through. I have no doubt that wherever you land and wherever life brings you, you will take it on head-first like you did everything else here at Wakefield High. I wish you all the best of luck in your upcoming journey. Just remember, when things get difficult... you'll make it through.

With love and gratitude,

Tolios

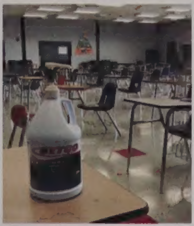
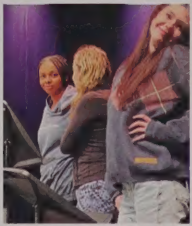
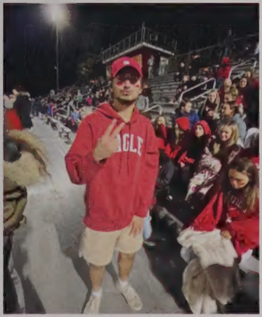
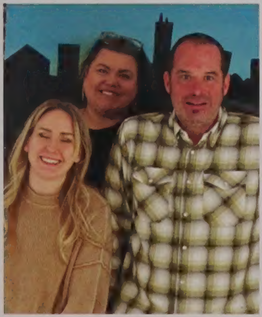
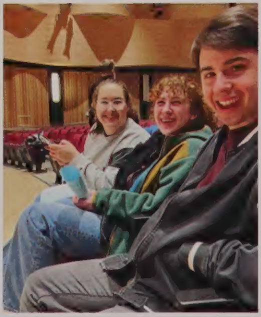
UNIVERSAL CITY STUDIOS, INC.







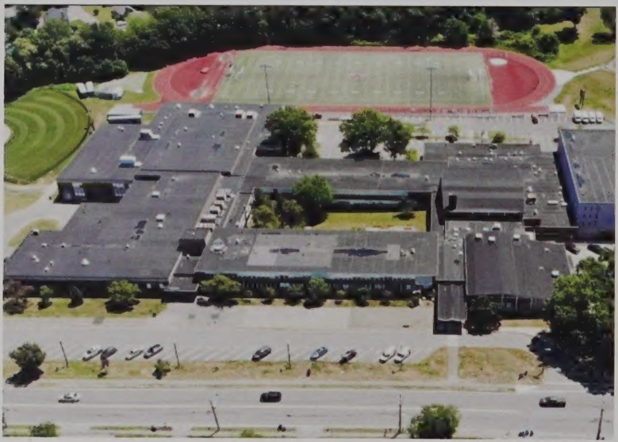




Brian Johnson: [closing narration] Dear Mr. Vernon, we accept the fact that we had to sacrifice a whole Saturday in detention for whatever it was we did wrong. But we think you're crazy to make us write an essay telling you who we think we are. You see us as you want to see us - in the simplest terms, in the most convenient definitions. But what we found out is that each one of us is a brain...
Andrew Clark: ...and an athlete...
Allison Reynolds: ...and a basket case...
Claire Standish: ...a princess...
John Bender: ...and a criminal.
Brian Johnson: Does that answer your question? Sincerely yours, the Breakfast Club.

OLD WMHS

EFIELD MEMORIAL
SCHOOL



Wakefield Memorial High School was originally built as a Junior High School in 1960. In 1972, the Junior High was converted into the current WMHS through the construction of major additions to the north and south of the school. As of 2023 the school has a senior class of exactly 200 students and a total of 827 students. There are currently 29 clubs and 27 sports teams offered for students at WMHS. Wakefield Memorial High school is overseen by principal Amy McLeod.

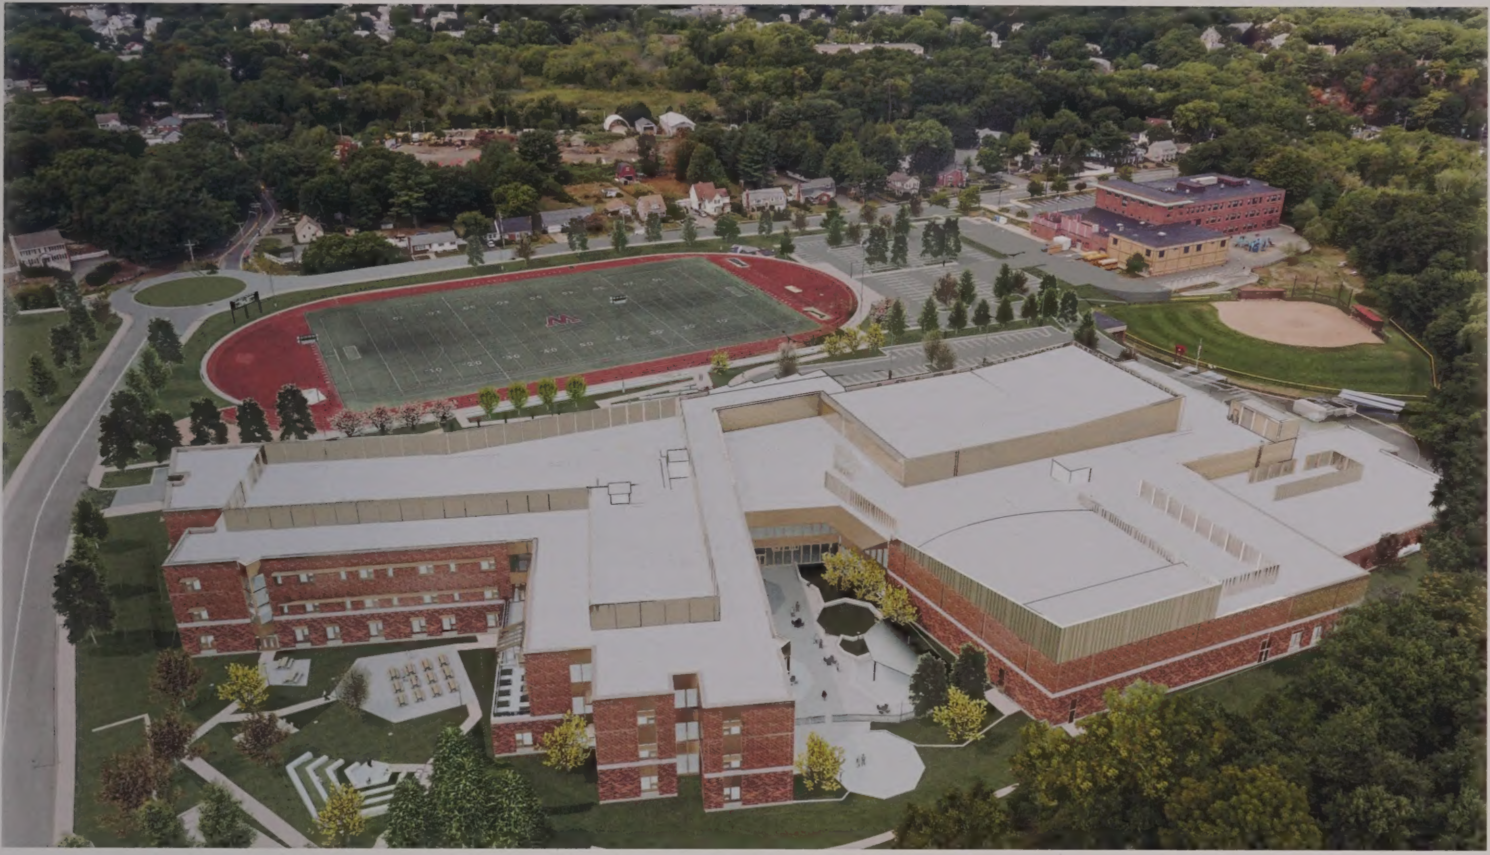
NEW WMHS



Construction of the proposed new building will take place on top of the Beasley oval. The new school covers 260,000 square feet and will be an all-electric building. Two L-shaped buildings, each 3 stories tall, will be connected at the center of the school. Community/public spaces will be located near the main entrance. The new media center will have a glass façade overlooking the main entrance. The dining commons will be the literal & figurative heart of the school.

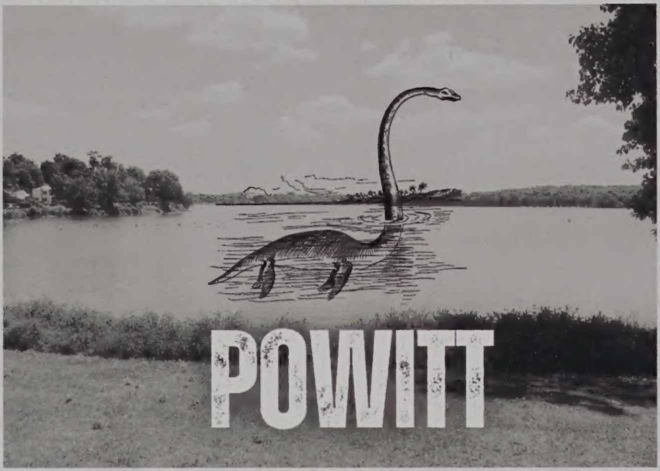
WMHS Introduces New Logo - Meet "Powitt"



POWITT was made an admin of the community Facebook groups and helps to deter anti-coyote slander.

WAKEFIELD -- The fearsome creature of the deep, cool Lake Quannapowitt finally gets some recognition as Wakefield chooses a new logo and mascot. Meet "Powitt." First spied by WMHS teacher Allen Drinkwater from a window of the Hartshorne House, Powitt has become a central figure in the Wakefield community. Powitt is believed to be a byproduct of a coyote swimming in the lake during a period of algal bloom.

Chipotle Looses Thousands

MARKET STREET -- businesses are on high alert due to recent finance discrepancies. Chipotle has long been known as a Mexican-cuisine chain restaurant that specializes in buffet-style takeout options. The particular establishment located in Market Street has recently been falling short of their expected revenue, raising eyebrows to the whereabouts of this missing income. "Well it didn't just grow legs and walk away" says a concerned Chipotle Employee when asked about the incident. What we know is that shortly after masses of sports teams bought food from the restaurant...money went missing. When questioned, the sports team report to have been "blessed", although further investigation cannot determine exactly what this implies. This reportedly is not the only time that money has gone missing - over the past few years, upwards of $50,000 have somehow slipped through the cracks of this fragile company. Chipotle has made efforts to combatting the issue with increased monitoring of security footage along with a thorough investigation of yearbook quotes for any clues leading to the culprit.

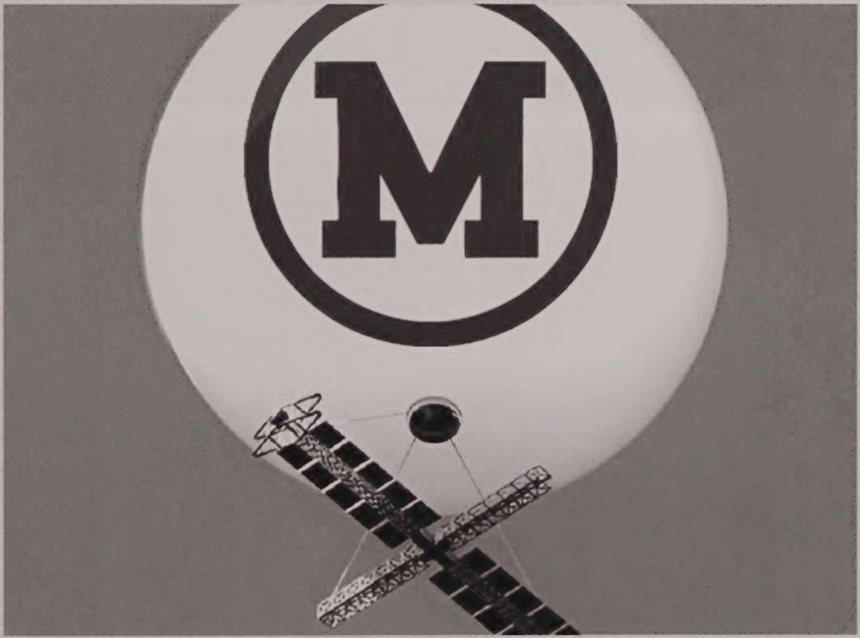
SENIOR CLASS OFFICER "Brody Wyatt's Brother" has reportedly sent an email to the entire Class of 2023. This is well beyond the acceptable boundaries for any given student at Wakefield Memorial High School. The email from the Senior Class Secretary contained nothing more than information and a questionnaire concerning the senior class quote. Consequences for this borderline criminal offense are still under discussion.

Melrose Spy Balloon Spotted

WAKEFIELD — sports teams reported a large white flying machine hovering above after-school sports practices. The unidentified flying object appeared to have advanced recon technology equip and a crew of 17 on board. It is still unconfirmed what the intention is of this spycraft. Experts report the undeclared reconnaissance is likely the result of a fit of rage and jealousy and should be considered a declaration of rivalry.

While much is still to be learned, bystanders were sure that this is a sign of hopelessness and desperation. The press is currently awaiting an investigation report from Wakefield Memorial High School Athletics Director, Brendan Kent. Football, Basketball, Hockey, Cross Country, Dance, Swim, and Field Hockey have all let our media team know of suspicious behavior amongst Melrose athletics during games and practices.



WAKEFIELD HIGH SCHOOL athletics is on red alert recently after spotting a spy balloon hovering over the Beasley and Landrigan field area. It seems as though Wakefield has caught an awful case of "being goated with the sauce".

THE LIFE AND CRIMES OF
HOODIE ROSEN
ISAAC BLUM

The Life and Crimes of Hoodie Rosen, Isaac Blum

prioritizing *preservation*

PATAGONIA founder Yvon Chouinard and his family put the company in a trust that will use its profit to fight the climate crisis, they announced Sept. 12, 2022. The company expects to donate $100 million annually to address the environmental crisis and protect land and biodiversity.

DANGER ZONE

Action star Tom Cruise reprised his seminal role as Navy jet-fighter Pete "Maverick" Mitchell in the *Top Gun* franchise with one of the highest box offices of 2022. *Top Gun: Maverick* premiered May 27, earning close to $1.5 billion at the box office. It is the only film in history to top the charts on both Memorial and Labor Day weekends.

House of dragons

THE LONG ANTICIPATED spin-off prequel to George R.R. Martin and HBO's *Game of Thrones* debuted to the channel's most number of viewers in its history. *House of the Dragon* aired August 21, 2022 to more than 10 million people across channels and apps. The series won Best Television Series—Drama at the 2022 Golden Globes.

A *stop* IN PLAY

THE NFL WATCHED STUNNED as Buffalo Bills safety Demar Hamlin collapsed on the field and did not get up during the team's game against the Cincinnati Bengals on Jan. 2, 2023. Hamlin collapsed in the first quarter of the game after taking a hit to the chest while making a tackle after suffering a cardiac arrest. Medical personnel attended to an unconscious Hamlin for 19 minutes, before he was transported to the hospital. The game was canceled. Hamlin was released from the hospital nine days later.

SAYING *heartfelt* GOODBYES

TWENTY-THREE-TIME GRAND SLAM CHAMPION SERENA WILLIAMS bowed out from tennis, falling in the third round at the U.S. Open on Sept. 2, 2022. Williams announced her intentions to evolve away from the sport on the cover of *Vogue* magazine prior to the tournament. The 41-year-old is regarded as the best women's tennis player in the Open Era, coming within one title of Margaret Court's all-time record. After her loss, an emotional Serena thanked her family, including her older sister, Venus, "the only reason Serena Williams ever existed," she said. Twenty-time grand slam winner Roger Federer ended his career 21 days later on Sept. 15 in an Instagram post. Federer last played at Wimbledon in 2021, a tournament he won a record eight times, before undergoing a third knee surgery. He said setbacks from the injuries and surgeries prevented him from competing at the highest level, prompting him to retire. He played one final Laver Cup doubles match days later with old rival Rafael Nadal, losing to Americans Jack Sock and Frances Tiafoe.

FIGHT FOR *their* RIGHTS

PROTESTS ERUPTED in Iran after the death of 22-year-old Mahsa Amini while in the custody of Iran's so-called morality police. Protesters, led by the country's youth, took to the streets across Iran to demand equal rights for women, including the right to choose to wear a hijab. The movement amounts to the most serious challenge to the current regime's control of the country since the 1979 Iranian Revolution.

POPULATION: 8 BILLION

THE WORLD BECAME SLIGHTLY MORE CROWDED on Nov. 15, 2022 when the United Nations projected a population of eight billion for the first time. The world has added one billion people since 2010, the fastest ever.

HAWAIIAN HEROICS

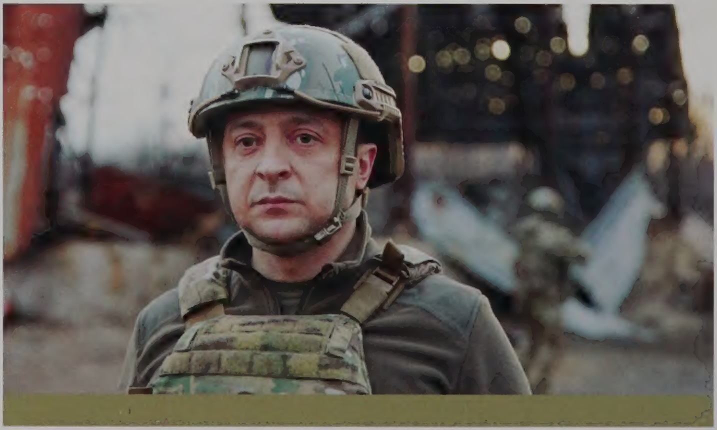
WITH THE RETURN OF AN INTERNATIONAL FIELD, the Little League team from Hawaii captured the crown in Williamsport, Pennsylvania. The team from Honolulu powered past their Curaçao opponents 13–3 in a four-inning final. In their six games, they outscored their opponents 60–5 throughout the tournament.

PRICE *spike*

THE PRICE OF A DOZEN EGGS rose 60 percent in a year, according to the Consumer Price Index and figures from the Federal Reserve Bank of St. Louis. Experts said the jump in price—from $1.92 in January 2022 to $4.25 in December—largely stemmed from a combination of an avian flu outbreak, higher input costs and consumer consumption habits.

A WAR BETWEEN WORLDS

RUSSIA INVADED UKRAINE in March 2022 after weeks of building up troops on their border. Despite threats to his life, Ukrainian President Volodymyr Zelensky stayed in the country to lead his people in a time of crisis, while calling on world leaders for assistance. For his bravery, Zelensky was named *Time*'s 2022 Person of the Year.



AROUND THE WORLD IN FIVE MONTHS

ON AUG. 24, 2022, 17-YEAR-OLD Mack Rutherford set the record for the youngest person to fly around the world solo. He also set the record for youngest person to fly solo in a microflight, eclipsing a record set by his sister Zara. The five-month trek saw Rutherford fly over Europe, Africa, Asia, North America and the equator twice, a requirement to set the Guinness Record.

REMEMBERING THE PONTIFF

POPE EMERITUS BENEDICT XVI passed away Dec. 31, 2022 at the Vatican. Benedict led the Catholic Church from April 2005 until his resignation in February 2013. He was ultimately succeeded by Pope Francis. Benedict was the first pontiff in almost 600 years to resign his position.

MODERN MEDICAL MIRACLES

THE WORLD HEALTH ORGANIZATION declared mpox, also known as monkeypox, a Public Health Emergency in July 2022 after outbreaks in the U.S. and Europe. Cases jumped in the summer before vaccination efforts helped massively cut the spread by winter.

LONG LIVE THE QUEEN

QUEEN ELIZABETH II DIED on Sept. 8, 2022 at 96. The monarch of the United Kingdom of Great Britain and Northern Ireland, she first ascended to the throne in 1952, after the death of her father. She celebrated her Platinum Jubilee honoring 70 years on the throne in June. Her reign lasted so long she worked with 15 British prime ministers and met 13 of the last 14 U.S. presidents—the longest ever for a British monarch. Her son, King Charles III, took the throne upon her death.

Liz Truss

Rishi Sunak

premiere PROBLEM

ALL EYES WERE ON THE UNITED KINGDOM after a series of missteps led to three heads of state in four months. Following Boris Johnson's resignation, the Conservative Party voted Liz Truss their leader on Sept. 6, 2022. Just days into her post, Truss and her cabinet came under intense public scrutiny for their unveiling of economic policies and tax cuts delivered at the backdrop of a cost of living crisis and a sharp decline in the British Pound. Just 44 days after taking the job, Truss resigned on Oct. 20, one day after telling Parliament she was a "fighter, not a quitter." She was succeeded by Rishi Sunak, the first British Asian and Hindu to hold the office of prime minister, on Oct. 24.
